

## SELF-SERVE FOUNTAIN OPTIONS FROM CORNELIUS®

Utilizes your existing  
back room system  
and syrup supply

### **ED250/ED300**

The Enduro line from Cornelius provides Gold Standard beverages with 8-12 valves and 1-2 ice dispense points. Today, Cornelius' ED250 and ED300 are the leading fountain dispensers in North America.

### **REFRESH PRO 255**

The Refresh Pro ensures Gold Standard beverages are supplied by utilizing existing syrups and back room systems. The Refresh Pro provides a user-friendly digital interface with dual dispense points for a modern look and maximum consumer engagement. Within the same footprint as the ED250, the unit is capable of dispensing 8 different brands, 8 flavors, and ice through a single dispense point.

### **PHOENIX BEVERAGE BAR**

Our new Phoenix Beverage Bar delivers Gold Standard beverages utilizing existing back room systems and syrups. Each tower provides a user-friendly digital interface for a modern look and maximum consumer engagement. The Phoenix beverage bar is capable of dispensing 8 different brands, 4 flavors (per tower) and includes 2 separate ice dispense locations.
